

## WHAT IS THE GREEN CHOICE IDEA?

The GREEN CHOICE Program permits you to financially support power plants fueled by renewable sources of energy such as solar, wind, geothermal, biogas and biomass.

# BELMONT LIGHT

POWERING YOUR COMMUNITY SINCE 1898

*Being Green is  
More Important  
Than Ever!*

Now You Can Make the  
**GREEN CHOICE**  
with Belmont Light.

# IT BEGINS WITH A CHOICE - MAKE IT A GREEN ONE

You have the option to make a choice that would benefit the environment by being a participant in Belmont Light's **GREEN CHOICE** Program. This program is a simple and affordable way to support and sustain electricity production from renewable energy sources such as wind, solar, hydro, geothermal, biogas and biomass. The **GREEN CHOICE** program is available to all Belmont Light customers. The participation for this program is completely voluntary. Those who choose to make the **GREEN CHOICE** pay as little as \$6 each month to sustain and support the production of 100 kilowatt-hours from renewable energy sources in New England. Each block of 100-kilowatt-hours costs \$6, and you may buy as many blocks as you wish. The **GREEN CHOICE** cost is an additional charge on your monthly electric bill. By giving 30 days' notice, you may end your participation at any time.

## DOES THIS MAKE MY POWER BECOME GREEN?

When you make the **GREEN CHOICE**, you will be guaranteed that renewable energy is added to the New England power grid. However, it is physically impossible to differentiate and transport energy to specific businesses and homes. The **GREEN CHOICE** rate will be used to purchase Renewable Energy Certificates, (REC's). One REC represents 1 MWhr of energy produced from renewable resources. REC's market provides a mechanism for pricing renewable energy generation above the market energy value of conventional sources.

## HOW DO I SIGN UP FOR GREEN CHOICE?

Please complete the attached form and mail directly to Belmont Light at 40 Prince Street or contact a Belmont Light Customer Specialist.

## BELMONT LIGHT GREEN CHOICE PROGRAM CUSTOMER APPLICATION

(Please complete the following)

Name: \_\_\_\_\_

Street Address: \_\_\_\_\_

Belmont Light Account: # E-\_\_\_\_\_

Phone Number: \_\_\_\_\_

Email: \_\_\_\_\_

Signature: \_\_\_\_\_

Please select the number of **GREEN CHOICE** kilowatt hours you would like to support. The additional charge will appear on your monthly bill.

\$6 for 100 kWh

\$12 for 200 kWh

\$18 for 300 kWh

\$24 for 400 kWh

\$30 for 500 kWh

\$36 for 600 kWh

*Note: An average residential home uses 600 kWh per month in electricity.*

Until further written notice, the above signature authorizes its successors and/or assigns to add \$6 per block on my electric bill, as directed above.

**Please do NOT include this sign-up form with your bill.**
