

BELMONT LIGHT

POWERING YOUR COMMUNITY SINCE 1898

2022 Energy Programs

Applications and updates are available at www.belmontlight.com.

Residential Programs

Home Energy Assessment:

A no-cost comprehensive analysis of your home's energy use. Assessment includes a full report, a thermal imaging scan, and up to \$30 of energy saving material.

Weatherization Incentive Program:

Available to homeowners and landlords, get a rebate of up to 75% off the cost of weatherization measures like attic and wall insulation, air sealing, and duct sealing.

Heat Pump Rebate Program:

Highly efficient electric heat pump systems can help residents reduce energy bills and carbon footprints by up to 50%.

Appliance Rebate Program:

ENERGY STAR appliances, such as dehumidifiers, refrigerators, induction stoves, and heat pump water heaters may be eligible to receive rebates.

Connected Homes:

Add your WiFi-connected devices to this incentive program to earn rebates and help Belmont Light reduce our peak capacity costs.

Electric Vehicle Charger Rebate:

Customers that install a networked Level 2 (240 V) charger may be eligible to receive a rebate.

2022 Energy Programs

Applications and updates are available at www.belmontlight.com.

General Programs

Cordless Yard Equipment Rebate Program

Convert from gas-powered yard equipment to battery-operated electric yard equipment and we'll give you a rebate of up to \$500 per year. Trimmers, leaf blowers, chain saws, lawn mowers, and more are eligible. Rebate available to commercial customers as well.

Distributed Generation Program:

Customers interested in installing distributed resources such as solar panels or wind turbines should reference Belmont Light's Policy on Emissions-Free Renewable Energy Facilities and other resources available on our website.

Battery Storage System Incentive Program

Install a battery system at your home for short term coverage during outages or for dynamic control of your solar PV system. Belmont Light must approve your Interconnection Application before installation to be eligible for rebate.

Green Choice Program:

Every Belmont Light customer has the option of supporting renewable energy resources through our voluntary Green Choice Program. By participating in Green Choice, you can help support renewable energy resources for as little as \$3 per month added to your electric bill.
