## 2023 Energy Programs

***Applications and updates are available at [www.belmontlight.com](http://www.belmontlight.com).***

### ***Updates for 2023***

The following updates/additions have been made to our existing energy programs:

#### **Cordless Electric Snow Blower Rebate:**

Newly added to our Cordless Yard Equipment Rebate Program, this rebate is available on any brand of snow blower with the following details:

- Battery must be at least 56V
- Purchases made between January 1, 2021 - December 31, 2022 may apply until June 30, 2023
- Rebate amount: \$200

#### **Room Air Purifier:**

Rebates on room air purifiers are now available through the Appliance Rebate Program with the following conditions:

- ENERGY STAR certified products only
- Rebate amount: \$50

#### **Electric Vehicle Charger Rebate Update:**

We have updated our EV Charger Rebate with an added benefit for joining our demand response program:

- Charging equipment must be Level 2
- Rebate amount: \$250
- Additional \$250 rebate enrolling a new charger in the Connected Homes program
